FRONTEND DEVELOPER

Phone: +91 7702390244 **Email:** navi2346u.com@gmail.com **Location:** Ananthapuram, AP, India

PROFESSIONAL SUMMARY

Performance-driven **Frontend Developer** and Computer Science undergraduate with hands-on experience engineering responsive, accessible, and user-centric web applications. Proficient in **React.js, JavaScript (ES6+), HTML5, and CSS3**, backed by foundational knowledge in Python, Java, and SQL databases. Adept at transforming complex UI/UX requirements into clean, modular components, optimizing client-side performance, and integrating modern AI tooling to accelerate development delivery.

TECHNICAL SKILLS

Frontend:	React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Design, Component State Management
Backend:	Python, Java
Databases:	SQL (MySQL / PostgreSQL), MongoDB
Tools & Workflow:	Git, GitHub, VS Code, Browser DevTools, Agile Methods
AI-Assisted Dev:	GitHub Copilot, ChatGPT, Google AI Studio, Prompt Engineering

PROFESSIONAL EXPERIENCE

Spheronix Technology Pvt. Ltd. — Ananthapuram, AP
Frontend Developer — **Present**

- Architected modular and interactive user interfaces using **React.js, HTML5, and CSS3**, increasing site responsiveness and visual fidelity across screen resolutions.
- Engineered reusable client-side components with **JavaScript (ES6+)** to streamline state transitions and reduce unnecessary DOM re-renders.
- Coordinated closely with backend engineers and database architects to ensure smooth data binding and error-free API responses.
- Applied **AI-assisted tooling** (GitHub Copilot, LLM prompt workflows) to accelerate prototyping, code review cycles, and cross-browser debugging.

INTERNSHIP

ExcelR Edtech Pvt. Ltd. — Remote / Hybrid
Data Analysis with Python (Short-Term & Long-Term Track) — **Internship**

- Utilized **Python (Pandas, Matplotlib, Seaborn)** to clean, transform, and visualize structured datasets for exploratory analytics and insights reporting.

KEY PROJECTS

Campus Database Portal — Web Application
React.js, HTML5, CSS3, JavaScript, SQL — **Role: Frontend Contributor**

- Designed and built an intuitive self-service portal interface for student profile lookups, admission tracking, and academic records retrieval.
- Implemented client-side form controls and verification checkpoints to streamline registration flows and document management.

Anomaly Detection in 5G Networks Using Machine Learning — Academic Research
Python, Scikit-learn, Data Preprocessing — **Role: ML & Data Pipeline Developer**

- Engineered an ML-based anomaly identification workflow to analyze real-time 5G telemetry data, detecting latency spikes, failures, and security intrusions.

EDUCATION

Anantha Lakshmi Institute of Tech. & Sciences — B.Tech in CSE (Data Science) — **CGPA: 6.8** | 2022 – 2026

Sri Vivekananda Junior College — Intermediate (MPC) — **63.4%** | 2020 – 2022

Sri Potti Sriramulu Municipal Corp. High School — SSC — **Marks: 560** | 2019 – 2020

CERTIFICATIONS

NPTEL — Programming in Java | **Power BI — Data Visualization & Reporting** | **NxtWave — Generative AI Model Architecture**
